History of Partnership

The House Democracy Partnership (HDP) approved a legislative strengthening partnership with the Assembly of Kosovo in 2009. Since then, HDP has worked with the Assembly in the areas of constituent relations, committee operations and parliamentary research. HDP has encouraged development on these fronts with congressional delegations and training seminars for visiting Kosovar members of parliament (MPs) and staff from the Assembly, among other forms of engagement including staff delegations and technical assistance consultancies.
